

Together helping our children

OKECHAMP Foundation was established in 2011 to offer aid to the children of OKECHAMP S.A. staff.

The Foundation is dedicated to providing comprehensive care to children and teenagers in need, particularly disabled youngsters suffering from serious health problems whose parents' life situation remains difficult.

The Foundation's goals are achieved through:

- ♥ financing hygiene measures, medication, required doctors' visits, professional care, tests and medical help,
- ♥ help in financing rehabilitation treatments and in purchasing materials or rehabilitation equipment which contributes to the improvement of life conditions of the disabled children supported by the Foundation,
- ♥ financing teaching resources,
- ♥ financing scholarships and organizing cultural events.

OKECHAMP Foundation is a non-profit organization with no profit-oriented business activities. After a two- year-operation it will be transformed into a public benefit organization.

OKECHAMP Foundation's operations are possible through donations, given by employees, customers and contracting parties, to Foundation's Memorandum goals. Voluntary work is a part of OKECHAMP S.A. Foundation's activities.

Together helping our children

We hope the activities of OKECHAMP Foundation and all kind-hearted people will bring at least a spark of joy and hope into, unfair at times, children's world.

How you can help!

The Foundation is donated with monthly voluntary payments by OKECHAMP employees and with OKECHAMP S.A. contributions. You can also donate through:

- ♥ payment into a bank account:
Fundacja OKECHAMP
Bank BGŻ 74 2030 0045 1110 0000 0201 6470
- ♥ donating valuable objects for auctions
- ♥ voluntary work

OKECHAMP Foundation's voluntary work is all about sensitivity to children's needs and willingness to help families in their everyday life. Volunteers look after children at their home, going for walks, helping them do their homework, offering transport to and back from rehabilitation activities, etc.
